

CEMPAKA SCHOOLS  
MALAYSIA

Harley worked in Cempaka Schools, Malaysia in the year 2008/09 as our Director of Music. During his time here, he helped to develop and improve the music curriculum by working closely with the members of the performing arts faculty. Apart from regular workshops and professional development courses for the music instructors, Harley also conducted our musical - West Side Story in 2008 and directed 2 major concerts. He was a mentor to us and not only gave us fresh insights to music education but taught us to be managers in our field. We mourn his passing and he will be greatly missed...

With deepest condolences,

**Dato Freida Pilus**  
Founder & Mentor  
Cempaka Schools
